

KUDOS USA HYDRAULIC ELECTRIC PUMP EP-76MSD

■ Model No. **EP-76SD**

Height : 480 mm

Weight : 25.0 kgs (w/o oil)

■ Specifications:

Max. Pressure : 700 bar

Oil Required : 8000 cc

4 way, 3 position solenoid valve

Drive unit : 110V/AC or 240V/AC 50/60Hz 、 1/2Hp 、 3600 rpm

■ Oil Delivery:

3.9 L / min at low pressure

0.2 L / min at high pressure

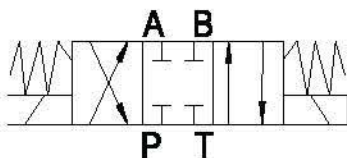

■ Features:

- With 5 meter remote control cable provides the user complete control to advance and retract.
- Two speed high performance.
- Equipped with a thermal protected induction motor to reduce noise level.
- Pressure holds at 700 bar, ideal for maintenance and construction.
- Equipped with large-capacity one piece metal oil tank.

■ Accessories:

Hydraulic hose should be ordered separately.

■ Hydraulic Symbol Table

• Optional remote controller, shall order separately.
